Courses taught in English:
www.usj.es/en/be-international/incoming/english-modules

Language requirements

The main language of teaching is Spanish, therefore we strongly advice students to sign up for the intensive Spanish language course for exchange students upon their arrival.

The recommended language level is B1 both for English and/or Spanish. Students of Nursing and Physiotherapy taking clinical practice require a B2 level of Spanish.

Spanish Courses for International Students

Free courses are taught throughout the semester by the Institute of Modern Languages, which evaluates the student's level of Spanish to adapt the classes depending on the knowledge of each student:
